

YOUR SCHOOL LUNCH

Reinvented.

The Nutrition Group (TNG) is excited to be your new food service provider. We are a full service, family owned and operated management company that strives to offer our partnered schools with food programs that increase participation. We accomplish this by offering your students a combination of their school favorites with an array of fresh, nutritious options daily. We partner with over 250 schools in six states and have been in business since 1975.

As we all look forward to the start of school, we wanted to reach out in these unique times to let you know that Floyd County Public Schools in partnership with TNG has developed a plan to serve meals to your students 5 days week. The highlights of this plan are:

- TNG has developed best practices and will implement CDC guidelines for cleanliness and maintaining all state and district mandated social distancing guidelines to protect your students as they travel within the cafeterias.
- Breakfast and Lunch availability for every student every school day in cafeterias while in school and meals will be available to go home for those days that virtual learning is taking place.
 - A school breakfast consists of an entrée, fruit/vegetable or fruit juice, and milk.
 - A school lunch consists of an entrée, vegetable, fruit, grain, and milk.

As with everything Covid-19 has touched, change is a constant. Since mid-March, Floyd County Public Schools has been able to offer the community a meal program free of charge. We are pleased and excited to announce that Floyd County Public Schools has been able to enroll in the Community Eligibility Program under the National School Lunch Program. This program allows your school to offer all students **Free Breakfast and Lunch** every day.

If your financial situation has changed over the last couple of months, both your Federal and State Governments offer programs to help you and your family traverse these times. These programs help Floyd County Public Schools expand services for your students.

WE SERVE FRESH, NUTRITIOUS, & INNOVATIVE FOOD

The Nutrition Group's *recipe for success* is not only providing our students with the best types of food, but also the best in K-12 nutritional programming. Our programs reach students of all ages and introduce them to delicious, wholesome foods.

Farm to Fork offers fresh produce from local sources.

Wellness Wednesday encourages elementary students to sample well-balanced recipes featuring colorful vegetables, legumes, and seasonings.

Food Fusion provides tasty combinations of your favorite trendy foods like Pulled Pork Mac & Cheese Waffle Cones!

Tasty Bites proves that healthy food can be delicious and delightful with our delectable sweet and nutritious treats.

Recipe of the Month delivers chef-crafted recipes for students to explore new flavors.

From pancake stations to breakfast in the classroom, we offer a variety of flexible **Breakfast Programs**.

Molly the Cow and **Calvin the Calf**, The Nutrition Group's loveable mascots, spread the importance of making healthy choices.
