Business Management/Mrs. Burnette

Hi Everyone!

I hope that you and your family are staying safe and healthy. Below are some activities that can keep your mind sharp and thinking about some of what we've learned. Please reach out to me with any questions. I have opened up discussion questions in Google Classroom for you to respond each day. As long as it is kept appropriate, you will be able to respond to your classmates and me. I want this to be fun and help fill these long days...I know I'm already getting a little tired of cleaning house and playing games...lol! You can email me at burnetter@floydschools.org if you need anything. I will be checking in with you for the remainder of the year by email, Google Classroom, possibly Google Meet, and by phone. If you have internet, turn in your assignments in Google Classroom. If you don't, just have fun doing the ones you can. You never know if I may call you to see how you are doing on them! Let me know how I can help you! I miss you and love you all!

~Mrs. B.

P.S. Watch for assignments related to your Business Plan Project...they will be separate from these.

Week of April 14-17			
Tuesday, April 14 Collaboration Skills Day	Wednesday, April 15 Communication Skills Day	Thursday, April 16 Creative Thinking Skills Day	Friday, April 17 Citizenship Skills Day
<p>Play A Game: Playing games is something you all LOVED to do in class...now I want you to do it at home or online with a friend or family member for at least One Hour. One of my family favorites is UNO! <u>Answer the following questions in complete sentences:</u></p> <ul style="list-style-type: none"> -What game did you play? -Who did you play against? -What was the final score? -What did you like most about this game? -What did you like least? -Did you have a snack while you were playing? (My family sometimes likes popcorn or cookies when we are playing.) -What game do you want to try next? <p style="text-align: center; color: orange;"><i>Collaborating is COOL!</i></p>	<p>Body Language: As we discussed in class, communication is not just about talking or texting. Body language is just as important when communicating in business as the words we use. <u>Watch this YouTube on Super Bowl Body Language:</u> https://www.youtube.com/watch?v=CxB5eCyK56g Next, go to Google Classroom and take the Body Language Quiz.</p> <p style="color: blue;"><i>Just for fun: Did you know there was a game show in the 80's called Body Language? Check it out on YouTube. It is very similar to the game Charades. You might see a mullet☺.</i></p>	<p>Words To Live By: The past few weeks have been challenging and unique. Being able to express yourself is important in the world of business. <u>I want you to select a phrase, quote, or group of words that are your Words To Live By. Include these words in a collage using various pictures and images to reflect what the words mean to you.</u> You can do this in Google Doc's or in a program that can be turned in to Google Classroom...or if you want to be extra creative, use art supplies you might have at home.</p> <p style="text-align: center; color: green;"><i>Be Creative!! You can check out my collage in G Classroom if you want before starting.</i></p>	<p>Don't OD on Tech: I'm guilty of overdosing on technology when I am bored. I've told you before that I LOVE Candy Crush. Since we have been out I have watched all of the free episodes of <i>Fixer Upper</i> and <i>Love It or List It</i>, I have added three different games to my phone and am already bored with all of them. <u>Today I challenge you to turn OFF your technology from 1-3 p.m. and do something special for someone else. Ex. Make cookies for a shut-in neighbor, do the dishes for your mom, send a note to a teacher. In Google Classroom, reflect on what you did during this OFF time and how it made you feel about yourself!</u></p> <p style="text-align: center; color: purple;"><i>Good Citizenship ROCKS!</i></p>

Week of April 20-24

<p>Fact or Opinion: Part of being successful in business is understanding how to tell Fact from Opinion. With the media and internet, sometimes it is hard for us to know the difference. One of my boys' favorite shows growing up was <i>MythBusters</i>. Watch this <i>MythBusters</i> YouTube for fun: https://www.youtube.com/watch?v=KLWLTs90_po Do you think you know the difference between Fact and Opinion? When you visit websites, do you believe everything you see? <u>Come up with 5 statements that can be shared with the class. These statements are to be a mix of fact and opinion. Go to G Classroom and give your answer "Fact" or "Opinion" to the statements I have provided. You should be prepared to defend your answer.</u></p> <p><small>" EDUCATION IS NOT THE LEARNING OF FACTS, BUT TRAINING THE MIND TO THINK. "</small> <small>- ALBERT EINSTEIN</small></p>	<p>Jigsaw Puzzle: I absolutely love to put puzzles together and I know some of you do too. Today's activity is to get a puzzle out...I bet your parents have one on a shelf or in a drawer somewhere, and put it together. <i>If you don't have one, it's easy to make one from a magazine picture. Just have someone cut it into various pieces and give it to you to put back together.</i> Puzzles are fun to do together. Get your brother, sister, mom...anyone in the house to help you. <u>Share the following information with the class via G Classroom in a doc:</u> <u>1. Picture of your puzzle completed.</u> <u>2. Who helped you with it?</u> <u>3. How much time did it take you to finish?</u></p> 	<p>My Story: Have you ever heard a great storyteller? My great Uncle was a GREAT storyteller. As a little girl, I would become mesmerized by his stories. He was able to spark my imagination and I couldn't wait to hear about his next adventure. Being a good storyteller is a skill that good communicators work to develop. <i>Are you a good storyteller??</i> Write a story about someone who used your product or service. Include the following elements: 1. A description of the person and their style/needs? 2. Descriptive words to hook the reader into your emotions. 3. At least 100 words minimum.</p> <p><u>Yes, it will be fictional!</u> I can't wait to read it!!</p> <p><i>"Tell me the facts and I'll Learn. Tell me the truth and I'll believe. But tell me a story and It will live in my heart forever."</i> <i>-Native American Proverb</i></p>	<p>What Is It? I hope the weather is beautiful today because I want you to take a blanket or beach towel, a piece of paper and a pencil and go outside. Lay facing up so you can look at the cloud shapes...What do you see? An eagle, a rabbit, a flower, a tree? On the piece of paper, draw what you see. Have fun with this! In this one I see a crocodile!! Do you?</p>  <p><i>Everyone has a different perspective due to experiences and prior knowledge. This is called diversity in the business world which can lead to awesome ideas!!</i> <u>Take a picture of your paper and share your drawings with the class in Classroom. I will too!</u></p> <p>Make sure you wear sunscreen!</p>	<p>Digital Health: Are you digitally healthy? Part of being a good digital citizen is having good digital health. What do you think that is? In this article https://habyts.com/6-negative-effects-much-screen-time-kids/ the author shares 6 negative effects of having too much screen time.</p> <p><i>Read the article and write a paragraph about why you agree or disagree with each negative effect. They are:</i></p> <ol style="list-style-type: none"> 1. Sleep Deprivation; 2. Obesity; 3. Vision Problems; 4. Aches and Pains; 5. Loss of Social Skills; and, 6. Aggression. <p>Also, tell me 3 ways you think you can change your screen-time habits for better digital health.</p>  <p><i>Turn in your response on G Classroom.</i></p>

Today, I want you to do this activity with someone in your family or a friend.</p> <ol style="list-style-type: none"> 1. <i>Each person closes their eyes and takes 60 seconds to think about some happy memories.</i> 2. <i>Keeping your eyes closed, narrow down your memories to the ones you think are the best.</i> 3. <i>Take 30 seconds and talk about one of your best memories and why you think it is best.</i> 4. <i>Now, write it down and share it with us on Classroom.</i>  <p>In the world of business, we often have to determine the best course of action much like you just chose the best memory. Sometimes choosing the best course of action includes imagining the ending.</p>	<p>Best Thoughts: Today is a very special day. I want you to think about your classmates and your teachers.
