

Send a Photo or Video to Google Drive (Chromebook) from your Phone

Follow these steps to send a photo or video to Google Drive (accessible on a Chromebook) from your phone:

- First download the Google Drive app on your phone. Sign in with your @floydschools.org account information.
- In the Google Drive app, tap + (add)
- Tap upload.
- Find and tap the files you want to upload.
- View uploaded files in My Drive until you move them.

*The media file can now be found and shared from your Google Drive, which can be accessed from any device, including a Chromebook.

Or, to go from your photos to Drive:

<p>1. Go to the photos or camera app on your phone. Select the media and tap the share icon.</p>		<p>2. Select Google Drive as the means of sharing.</p>	
<p>3. You may need to choose the @floydschools.org account if there are multiple accounts.</p>		<p>4. Tap upload.</p> <p>*The media file can now be found and shared from your Google Drive, which can be accessed from any device.</p>	

*You must have the Google Drive App on your phone and be signed in with your @floydschools.org Google account information.

*Directions may need to be tweaked, as devices differ.
