

COVID-19 & Delta Variant Assumption of Risk & Commitment to Promote School and Community Health 2021-2022

The novel coronavirus known as COVID-19 and the Delta Variant has been declared as a worldwide pandemic and is believed to be contagious and spread by person-to-person contact. Federal, Commonwealth, and local agencies recommend social distancing, face coverings, and other measures to prevent the spread of COVID-19.

To ensure the safety and wellness of our school community, I understand the importance of students being healthy and safe when they attend school and related school activities. By signing below, I agree that I will:

- Perform daily temperature checks on my child(ren), **even if fully vaccinated**, to screen for fever before he/she/they leave for school each day. Fever is defined as a temperature over 100°F or 38.0°C. If my child(ren) has/have a fever, I will keep my child(ren) at home until he/she/they has/have been without a fever for at least 48 hours without medication.
- Make a visual inspection of my child(ren), **even if fully vaccinated**, for signs of illness which include: fever or chills, cough, shortness of breath or difficulty breathing, fatigue, muscle or body aches, headache, new loss of taste or smell, sore throat, congestion or runny nose, nausea or vomiting, diarrhea, flushed cheeks, rapid breathing or difficulty breathing (without recent physical activity), fatigue, extreme fussiness, or conjunctivitis (pink eye). If my child(ren) has/have exhibited any of these signs or symptoms, I will not permit my child(ren) to return to school until he/she has been without signs or symptoms for at least 48 hours.
- Confirm that my child(ren) have not been in contact with someone who has either had close contact with someone suspected or tested positive for COVID-19 in the past 14 days or a person waiting for test results. If my child(ren) has/have been in contact with such a person, I will not permit my child(ren) to return to school until 10 or 14 days have elapsed since the time of contact.
- Promptly pick up my child(ren) or arrange for pickup if he or she shows signs or symptoms of illness at school. I understand that children are to remain home until symptom-free for at least 48 hours without the use of medication.
- Support my child(ren)s' use of a face covering on the bus and at school anytime it is deemed necessary.
